

Lasting
WORDS
—
MY LIFE, MY STORY...

Our Vision...

Anyone who is ageing or receiving palliative care in Western Australia has the opportunity to capture their memories, reflections and messages in a legacy document.

If you are interested in finding out more about Lasting Words, please contact us.

Our volunteer interviewers meet Storytellers face to face or via an online meeting platform, such as Zoom.

During the first meeting Storytellers will be presented with the Dignity Therapy questions that will guide the interview process.

Interviews last around an hour and the whole process will usually take 4 or 5 visits.

Interviews are recorded and a legacy document is created that covers the things that matter most to the Storyteller. The Storyteller has final approval and ownership of their legacy document.
